

## **CAREER OPPORTUNITIES:**

### **SILVICULTURE FORESTER SILVICULTURE TECHNICIANS**

Silvicon Services Inc. is a well established, progressive, forest management consulting firm. Silvicon has provided full-phase forest management and environmental services to forest companies and government agencies throughout British Columbia and Alberta for over 25 years.

Silvicon operates out of beautiful Smithers, British Columbia. Smithers, a regional service center for the Bulkley Valley, boast a vibrant community offering outstanding outdoor recreational activities in an idyllic natural setting. For more information on Silvicon Services Inc. or the community of Smithers, BC please visit: [www.silvicon.com](http://www.silvicon.com), [www.town.smithers.bc.ca](http://www.town.smithers.bc.ca), and / or [www.tourismsmithers.com](http://www.tourismsmithers.com)

#### **SILVICULTURE FORESTER**

The Silviculture Forester will work closely with our project management team to recruit, motivate, train and manage support staff for the implementation of large scale silviculture projects. The Silviculture Forester will supervise the completion of all contract phases as well as implement and enforce internal quality control throughout the course of all projects. This position will require the candidate to prepare, review, and sign and seal Silviculture prescriptions. This is a full time position and will provide the successful applicant with a varied workload consisting of both field and office time.

#### **SILVICULTURE TECHNICIANS**

The Silviculture Technician will work within a team to complete large silviculture projects which include planning, layout and supervision of site preparation, planting and stand tending activities as well as silviculture surveys.

#### **QUALIFICATIONS**

- Experience with large silviculture projects including surveys, planting, brushing and weeding
- Possess a good working knowledge of current BC forest legislations and regulations
- Physically fit and capable of producing in a physically demanding outdoor environment
- Valid Class 5 Driver's Licence
- Ability to work in a team environment
- Registered Professional Forester or Forester in Training (Silviculture Forester position)
- Two years experience in silviculture field operations or completion of a two year forest technology program at a recognized institution (Silviculture Technician positions)

Silvicon offers a competitive salary, comprehensive benefit package and a flexible work schedule. If you believe you possess the skills and qualifications we are seeking, please send a resume to:
